The screenshot shows the Chrome DevTools Console with the 'Console' tab selected. The breadcrumb navigation at the top reads 'Elements Console Sources Network >>'. Below the navigation bar, there are icons for running, pausing, and a filter dropdown set to 'Filter'. The console shows two log entries: 'Second color: Green' at line 3 of 'pr2(d).html' and 'Other colors: Array(3) i' at line 4 of 'pr2(d).html'. The array is expanded, showing '0: "Blue"', '1: "Yellow"', '2: "Purple"', and 'length: 3'. A prototype link is also visible: '[[Prototype]]: Array(0)'. A cursor is at the bottom of the console.

```
Second color: Green pr2(d).html:3
Other colors: Array(3) i pr2(d).html:4
  0: "Blue"
  1: "Yellow"
  2: "Purple"
  length: 3
  [[Prototype]]: Array(0)
```

The screenshot shows a VS Code editor window with the breadcrumb 'jscript > Practical2 > pr2(d).html > script > showColors'. The code is as follows:

```
1 <script>
2 function showColors(first,second, ...others) {
3     console.log("First color:",first);
4     console.log("Other colors:",others);
5 }
6 showColors("Red","Green","Blue","Yellow","Purple");
7 </script>
```

The screenshot shows the Chrome DevTools Console with the 'Console' tab selected. The breadcrumb navigation at the top reads 'Elements Console Sources Network >>'. Below the navigation bar, there are icons for running, pausing, and a filter dropdown set to 'Filter'. The console shows two log entries: 'Second color: Green' at line 3 of 'pr2(d).html' and 'Other colors: (3) ['Blue', 'Yellow', 'Purple']' at line 4 of 'pr2(d).html'. A cursor is at the bottom of the console.

```
Second color: Green pr2(d).html:3
Other colors: (3) ['Blue', 'Yellow', 'Purple'] pr2(d).html:4
```
